Please note! All the measurements portrayed in the catalogue are packaging measurements.

A black and white photograph of a coppersmith workshop in Fiskars, 1860s. Three workers are visible: a woman in the foreground with a headscarf, a woman in the middle with glasses, and a man in the background wearing a cap and glasses. They are working at a long wooden table. The table is covered with numerous pairs of scissors, some being worked on and others finished. The text 'The no.1 scissors brand in the world' is overlaid in large white letters.

The no.1 scissors brand in the world

Over a billion
pairs sold so
far worldwide
since 1967

Whether you are preparing food, sewing, working in your garage or crafting with your kids, we have the perfect pair of scissors for you.

The quality of the scissors is closely monitored at Billnäs factory in Finland. Every pair of scissors is tested by opening and shutting the blades and checking the characteristic sound. The scissors are also tested by cutting the most challenging material, fabric. High quality standards and control guarantee that only first class scissors leave the factory.

Today, our scissors are loved worldwide for their superior cutting performance and legendary durability.

What makes our scissors unique?

Orange scissors, now a classic,
has always represented the peak of
technological development in terms
of production methods and materials.

Only the best materials

Our scissors are made of high quality and durable materials: Scissors have superior cutting performance and legendary durability.

Comfort & fit

Our scissors have the best ergonomics.

Production

Most of the scissors are made in Finland.

Kitchen
Bathroom
Atelier
Office
Sewing
Kid's room
Garage
Garden

**Widest scissors
offering across
all categories**

Whether you are preparing food in the kitchen, sewing in your hobby room, crafting with your kids or cutting flowers in the garden, Fiskars has the right pair of scissors for you.

Classic scissors

Since 1967

The iconic design classic, with superior quality and performance,
for all cutting needs. Made with premium materials.

The icon

The iconic Classic scissors are a symbol of Fiskars and of our Finnish design heritage

Features & benefits

1 Sharp blades

Specially developed blade grinding ensures high-precision cutting and keeps the blades sharp longer.

2 Easy cleaning

Handles are injection molded onto the blades insuring easy and hygienical cleaning.

3 Supreme ergonomics

Handles are designed under strong consideration of the natural movement of the hand resulting in enhanced comfort and cutting control.

4 Best materials

Made of the best quality materials, Classic scissors offer outstanding comfort, performance and durability.

5 Quality control

Each product is manually tested before leaving the factory ensuring you get only the first class scissors.

* Handles made of impact-resistant PBT, PP or ABS plastics | Classic scissors with orange handles (except nos. 1005130 and 1003025) can be sterilised using an autoclave at temperatures of up to 137 °C

** Except nos. 1005130 and 1005225, 1005223 and 1016211

*** 1005166 and 1005169 are made in Finland

The blade tension of most of our scissors can easily be adjusted by tightening the screw, enabling simple cleaning as well .

Service and care for scissors

The handles of all Fiskars scissors are injection-moulded directly onto the blades. This makes them as hygienic as possible, because there are no cracks and gaps in which bacteria can accumulate. Our handles are made of impact-resistant plastic.

Classic, Functional Form and Inspirational product families are made of nickel-free blades that are precision-ground, and made of hardened Swedish Sandvik steel with a hardness of HRC 55 or HRC 57. The tension between the blades can be easily adjusted.

MAINTENANCE

Most of the handles on Fiskars Classic scissors are made of polybutylene terephthalate (PBT), a plastic that can be sterilised effectively using either gamma rays or an autoclave. If you use an autoclave, the temperature should not exceed 137 °C. It is a good idea to keep the blades sharp by regular use of a Fiskars Clip-Sharp™. Fiskars scissors are generally dishwasher safe.

STORING

Some Fiskars scissors are sold in a storage cover that makes sure no one catches their fingers or hands on the points if the scissors are lying around or are in a drawer. The cover also helps protect the scissors against damage, and keeps them sharp longer.

Fiskars has been a part of the evolution of tools since 1649. Our scissors have cut millions of meters of fabrics. Our axes have worked millions of trunks. Our knives have cut millions of slices of bread. Our pans have fried millions of carefully marinated steaks – all with a superior outcome.
